

On a New RR Lyrae Star

T. I. Ignatieva

Sternberg Astronomical Institute, Moscow, Russia

Received: 7.11.2005; accepted: 2.12.2005

(E-mail for contact: wwwuuu@rambler.ru)

Star Name:	USNO-B1.0 1014-0327599
Coordinates (J2000):	18 20 53.65, +11 27 54.4
Variability type:	RRAB; Limits, System: 14.7 - 15.6 (pg);
Period:	0.641683 d; Epoch(max): JD 2446294.38

Remarks:

The study was based on the plates of Moscow collection taken with the 40-cm astrograph in Crimea (83 estimates, JD2440763-47747)

Light Curve
